PASSION FOR DIVING

First online scuba travel club with more than 30,000 users worldwide

Exclusive choice of best dive destinations, dive resorts and liveaboards

Up to 50% discount for members only

Diving Specials is the first online scuba travel club with over 30,000 worldwide divers and numerous 'diving specials'. Only three months after platform launch www.DivingSpecials.com has already more than 70 dive resorts and liveaboards worldwide at top dive destinations offering surprisingly great prices. "Divers share the fascination of the underwater world!

This fascination should be affordable and accessible for all passionate divers" names the founder and CEO Sarah Schuebl as one of her key motivations for Diving Specials.

How does it work?

The idea behind Diving Specials is simple and original: since the platform launch on October 10, 2013 dive fans can book dive trips including liveaboards or dive resorts at heavily discounted prices with up to -50 % compared to direct bookings. Diving Specials offers weekly new promotions for dive trips with limited availability for dive enthusiasts, in particular empty spots on liveaboards and dive resorts worldwide. "Safety while diving is paramount. We work exclusively with high quality partners! Offering the lowest prices on the market to our customers is self-evident" says Sarah Schuebl.

Membership is free for our clients. Register at www.DivingSpecials.com.
